VET-READY

Work package 4

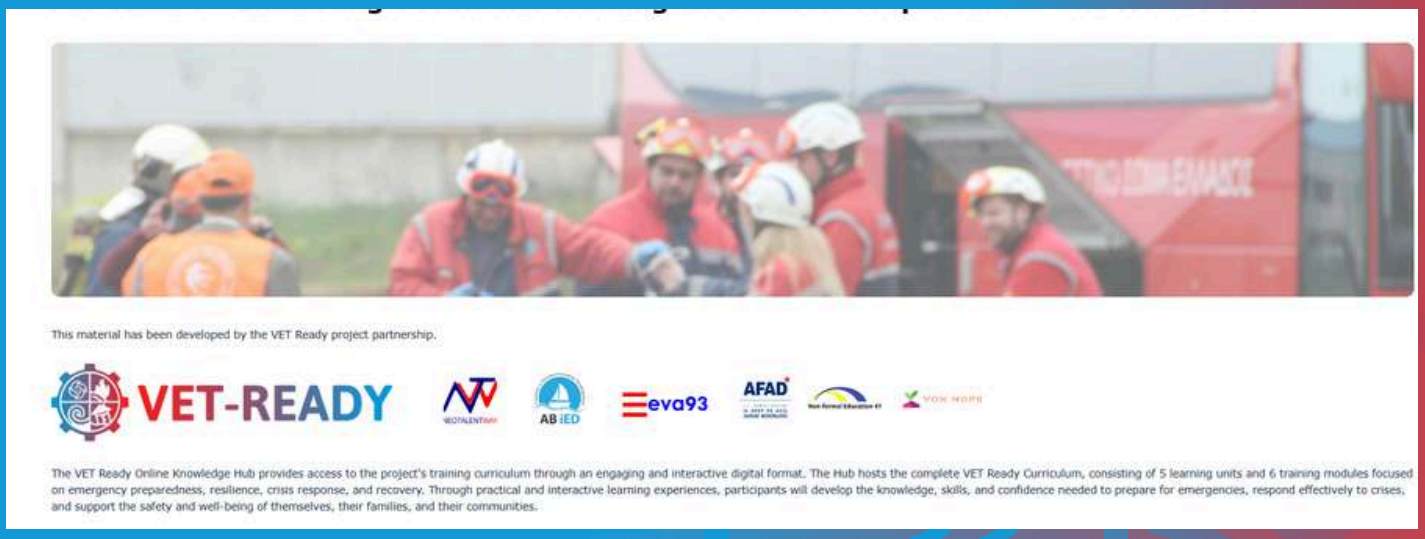

VET-READY Strengthens Disaster Preparedness Education Through Its Multilingual Online Knowledge Hub

The VET-READY consortium has successfully implemented WP4, developing an inclusive, multilingual Online Knowledge Hub to strengthen disaster awareness and life-saving skills.

WP4 combined practical emergency response training, interactive digital learning resources, pilot testing across six countries, and an international webinar to promote disaster preparedness education across Europe.

Accessibility

The VET-READY Online Knowledge Hub can be accessed through the project website or directly via the Online Knowledge Hub link. User manuals are available on both platforms in all seven languages: English, Spanish, Latvian, Turkish, Greek, Icelandic, and Ukrainian.

Online Knowledge Hub

Co-funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the Servicio Español para la Internacionalización de la Educación (SEPIE). Neither the European Union nor the granting authority can be held responsible for them.

VET-READY

Work package 4

Key achievements of WP4 include the following:

30
online courses

180
interactive quizzes

Interactive emergency preparedness and self-assessment tools

7
Languages

6
countries pilot-tested

356
registrations for the international webinar

Real Situation Lab
Hosted by AFAD in Türkiye

- WP4 delivered innovative learning resources and practical training opportunities for educators and learners.

VET-READY

About the project

VET-READY is an Erasmus+ project dedicated to strengthening disaster preparedness through vocational education and training. Our aim is to provide vocational trainers with tools to teach life-saving skills, thereby empowering vulnerable groups including migrants, refugees and conflict-affected Ukrainians to respond effectively to crises.

Our vision

Transforming disaster preparedness through vocational education

Through interactive learning, practical training and multilingual resources, WP4 empowers educators and learners to build life-saving skills and strengthen community resilience.

The VET-READY Online Knowledge Hub brings disaster preparedness education closer to everyone. Its interactive tools and accessible learning resources support safer decisions, practical skills and lifelong learning beyond the project lifetime.
