VET-READY

Work package 3

# Disaster awareness and life-saving skills courses

The VET-READY collaborative group has successfully completed work package 3, which resulted in the development of the VET-READY curriculum on civil protection awareness and life-saving skills.
The curriculum is based on identified needs across Europe and provides an innovative and enjoyable learning framework designed to strengthen preparedness, security awareness and resilience.
It supports students in vocational training, continuing education, students of foreign origin (diaspora), as well as teachers in vocational and continuing education, by equipping them with practical skills for effective responses in emergency situations.

## Accessibility

- The VET-READY curriculum on natural disaster awareness and life-saving skills is available in English, Spanish, Latvian, Turkish, Greek, Icelandic and Ukrainian.

VET-READY

# Main points of the curriculum

The VET-READY curriculum introduces an enjoyable and practical learning approach designed to strengthen disaster preparedness and resilience in any learning environment. It provides teachers and students with structured learning materials, real-life scenarios, and interactive activities that support safe decision-making and effective responses in emergency situations.

The curriculum emphasizes building practical life-saving skills while strengthening risk awareness, critical thinking, and community preparedness.

By supporting diverse students and teachers, the VET-READY curriculum ensures that civil defense education is accessible, relevant, and practical in everyday life.

# VET-READY

## About the project

VET-READY is an Erasmus+ project dedicated to strengthening disaster preparedness through vocational education and training. Our aim is to provide vocational trainers with tools to teach life-saving skills, thereby empowering vulnerable groups including migrants, refugees and conflict-affected Ukrainians to respond effectively to crises.

## Our vision

**Transforming disaster preparedness through vocational education**

**Through collaboration and customized training, VET-READY strengthens community resilience, preparedness, and support for future disasters.**

**In a world where disasters are becoming increasingly common, our project serves as a force for innovation. We offer practical solutions to build resilience and ensure that communities are better equipped to deal with future emergencies.**
